

Collective bargaining for a new Government of Nunavut (GN) Collective Agreement is coming up soon. The current Collective Agreement expires on September 30, 2024, and it's time to get ready now.

This is a call-out for all Nunavut Employees Union (NEU) members who work for the GN to let us know what you would like to see changed in the Collective Agreement.

NEU and the Public Service Alliance of Canada (PSAC) are asking you for proposals that can be used to develop union demands for the new GN Collective Agreement

**The deadline for proposals is April 12, 2024.** Members are encouraged to submit their proposals online via:

EN: <https://psacunion.ca/eform/submit/bargaining-input>

FR: <https://syndicatafpc.ca/eform/submit/bargaining-input>

A GN bargaining conference has been scheduled for mid-June. The bargaining team will be elected at the conference. The call out for delegates from active locals with GN members will be coming out soon.

The NEU is *your* union and we need *your* input and voice in the GN collective bargaining process.
