GRIEVANCE HANDLING

This course is open to all members in Kivalliq Region. This training is a must for stewards and other workplace representatives, or members who want to use the acquired knowledge and skills to solve problems in the workplace. You will find out what the law says about grievances, grievors and their representatives, and the protections built in for those who choose to use the grievance procedure to solve problems. You will develop grievance-handling and problem-solving skills through “hands-on” exercises on gathering facts, analyzing a problem, drafting grievance wording, building a complete file, framing the arguments and presenting the case to the employer. You will work on case studies based on actual grievances and, in the process, improve your knowledge of case law.
